# YOU'RE THE STAR OF EVERY SHOW ON PROJECTOR!

## VIEWING YOUR HOME VIDEOS JUST GOT A WHOLE LOT EASIER!

Meet Projector Video Streaming Service - the easy and fun way to watch your childhood videos, home movies and photos on your TV - just like you would on Netflix. Share access with family and friends around the world - so everyone can enjoy!

### ON-DEMAND MEMORIES

Video tapes, home movies, photos and slides can all be viewed on this platform once they are digitized.

Watch on your Smart TV, just like Netflix!

Design your own custom video streaming app.

### UNLIMITED SHARING

Give account access to unlimited family members at no additional charge!

Projector is the easiest way to share and allow others to view your memorabilia!

### EASY & FUN FOR EVERYONE!

No emailing hundreds of family photo files, no cloud links or complicated logistics. Simply invite others to join your personal Projector account.

Generations of home movies to enjoy by everyone!

\*Projector is the ultimate viewing and sharing platform - however it is only one step in your full Memories Archiving Solution. We always recommend having all your media files, photos, and videos backed-up in other physical and cloud locations. Always save original digitized copies using a safe cloud service or physical storage device like a USB drive or portable hard drive.
